

Thank you for considering working with Ammonite Ink! We are a family owned, women run, progressive print shop that wants to work with the people who are making a difference in the world. We offer case pricing (meaning, the first shirt and the 500th will cost the same!), loyalty perks, and inhouse graphic design. We look forward to hearing from you soon.

Pricing is fair.

Wholesale cost of garment + \$4 for first color + \$1 per each additional color = Your cost

First location is included. Each additional location is subject to additional fees.

Please note, dark garments often need a white under base. We will advise you on whether this will be necessary on your image.

\$20 Per screen set up fee.

This is a one time charge, and will be waived on all future reorders of the same image.

Graphic design services available, at the rate of \$50/hour.

This can be avoided by providing a high quality image.

Ordering is simple.

- 1) Contact us at ivory@ammoniteink.com, and we will walk you through garment choices, timelines, and ink options.
- 2) We'll send you an estimate, as well as a mockup of your final garment.
- 3) As soon as the mockup and estimate are approved, we will invoice you.
- 4) Once your invoice has been paid, your order goes into production!
- 5) Production rarely takes more than a week, but larger orders may take an extra week. Need your items fast? We offer Rush Delivery, for a fee.

Need non-screen printed advertising or branding items? We contract with companies that supply exactly what you need.

Let us help you find the right item, at the right price.
